INFORMATION ABOUT BCCAP WORKSHOPS

All BCCAP monthly workshop registrations are only accessible through the NJ Workforce Registry website. Membership is free and you can track your training hours. Payment is due by the day before the workshop. Certificates of Attendance are provided. Please arrive on time, as credit cannot be given if a participant is more than fifteen minutes late. Workshops are open to child care providers, parents, and other interested community members.

All events are subject to change due to inclement weather, low registration or other unforeseen circumstances. There will be no refunds or credit toward another workshop, unless the workshop is cancelled by BCCAP.

NO CHILDREN will be admitted to any workshop, except CPR/First Aid, due to liability concerns.

For questions about:

10-hour Health & Safety Training

This health and safety orientation module provides an overview of the basic **health and safety** requirements and best practices in nine of the topic areas outlined in the CCDF Final Rule: safe spaces; transportation safety; handling and storage of hazardous materials; emergency preparedness; prevention and control of infectious disease; food and allergic reactions and how to respond; administration of medication; shaken baby syndrome/abusive head trauma; safe sleep and SUIDS prevention.

Also, child care professionals are responsible for environments, experiences and interactions that help all children in child care thrive and reach their potential. The challenge is for the child care provider to demonstrate how to meet the **developmental needs of children** of many different ages. In this module, providers can learn predictable ways that children change and learn new skills over time, to give the provider a solid foundation for daily practice and decision-making.

Finally, **Mandated Reporting** is designed for child care staff, teachers, directors and family child care providers, will provide an overview of the significant definitions, requirements and policies outlined in the NJ Office of Licensing Manual of Requirements for Child Care Centers and Manual of Requirements for Family Child Care Registration related to Mandated Reporting and Positive Discipline. By the end of this training, participants will be able to: understand the types of child abuse & neglect; recognize signs of child abuse & neglect; understand NJ's requirements for Mandated Reporting; understand how and when to report; and create and implement an organization-specific policy on reporting procedures.

Providers can register for the modules needed if they haven't taken them online. Trainings are free, and will take place at the Human Services Building, 795 Woodlane Road, Westampton. ***Please note that all ten hours are required by the state for providers who accept child care subsidy payments.***
