For information contact Judith Byrne at [jubyrne@bccap.org](mailto:jubyrne@bccap.org).

**Burlington Community Action Partnership Training Disclaimer:**

*While we all adjust to the "new normal", one of BCAP's primary concerns is the health and safety of all our training participants. Due to some concerning behaviors observed during virtual training, the training staff at BCAP advise following these guidelines to ensure your safety and full participation while attending high quality professional development training. Driving while attending a training is prohibited due to safety reasons. It is impossible to watch a webinar and safely operate a vehicle at the same time due to the interactive nature of our webinars. The trainers at BCAP have been diligently working to make quality virtual professional development available. Virtual training should be treated as if they were in-person training and require your undivided attention. When choosing a training to attend, please make sure you can dedicate uninterrupted time for the duration of the webinar. We understand that there may be unplanned interruptions, but these should be minimized as much as possible. A participant can be removed from the webinar, based on the decision of the trainer, if they display unsafe and/or inattentive behavior for an extended period of time. Device cameras must be on for attendance purposes. We appreciate your cooperation with this matter.*
