### **Burlington Community Action Partnership Training Disclaimer:**

One of BCAP's primary concerns is the health and safety of all our training participants. The training staff at BCAP advise following these guidelines to ensure your safety and full participation while attending high quality professional development trainings. Cameras must be turned on throughout the duration of the training. Credit cannot be given if a participant's camera is not turned on or if a participant is exemplifying distracting or unsafe behavior. Driving while attending a training is prohibited due to safety reasons and the interactive nature of our webinars. The trainers at BCAP continue to work diligently to make quality virtual professional development available. These trainings should be treated as if they were in-person trainings and require your undivided attention. When choosing a training to attend, please make sure you can dedicate uninterrupted time for the duration of the webinar. We understand that there may be unplanned interruptions, but these should be minimized as much as possible. A participant can be removed from the webinar, based on the decision of the trainer, if they display unsafe and/or inattentive behavior for an extended period of time. A participant will not be admitted into a training if they arrive more than 15 minutes past the scheduled start time. Credit will not be given if a participant leaves more than 15 minutes before the scheduled end time of the training. We appreciate your cooperation with this matter.
